WHAT IS TITLE I?

Title I is a federal education program that provides financial assistance to schools to ensure students meet challenging state standards.

This funding can be used to enrich student academic achievement in both Reading and Mathematics.

Funding at SWE is used to purchase intervention programs, provide Professional Development for the Title I Director, fill the book vending machine with new books, allow opportunities for families to remain engaged in our students' education, and provide resources for students in the classrooms.

SOUTHWESTERN ELEMENTARY TITLE I

2026-2027

TITLE I AT SWE

At Southwestern Elementary, identified students in Kindergarten through 5th grade are provided with a minimum of 30 minutes of intervention time at least 4 days per week.

Intervention programs include Orton-Gillingham, Heggerty, OpenCourt, and Reflex Math.

WHO QUALIFIES?

Within the first 60 days of school, all K-2 students will be assessed using NWEA benchmarks to establish beginning of the year baseline data.

Students in grades 3-5 will be evaluated based on their summative ILEARN data in ELA and any IREAD data from the previous year.

All students' testing data will be reviewed and the the lowest 20% of students in Reading and Mathematics school-wide will be identified.

Those students are given intervention supports to bridge the gaps in their learning. Parents will be notified upon identification.

FAMILY INVOLVEMENT

Communication with parents/guardians is a top priority for the Title I program.

One of the goals for the Title I department this school year is to develop more learning opportunities for parents to understand how to support their student in an academic way through digital training videos being available throughout the school year.

Be on the lookout for information about our Literacy Luau Night, Games with Grandparents event, and our Spartan Family University videos.
